

Serving Information

Suggested Serving:

Brighter O3D3 (2000 IU D3):

Suggested serving: one capsule per day for children 2-12 years old and weighing 100 lbs (50 kg) or less

Brighter O3D3 (4000 IU D3):

Suggested serving: one capsule per day for children 12 years or older and weighing >100 lbs (50 kg)

Directions for use:

Take one (1) softgel twice daily with water.
Best with a meal or snack.

Effective: Two concentrated softgels provide an optimal concentration of DHA and EPA with vitamin D3.

Before taking a dietary supplement, consult a doctor or other healthcare provider especially if you have a disease or medical condition, take any medication, are pregnant or nursing, or are planning to have surgery.

For Healthcare Professionals

Healthcare professionals want a safe, easy solution to increase intake for Omega-3 & Vitamin D3, especially for children at such critical ages.

For some populations, it is very difficult to receive sufficient Vitamin D from foods. The presence of naturally occurring (i.e., not fortified) vitamin D in food is also limited, occurring in relatively significant amounts only in fatty fish and certain fish oils. While diet is the ideal way to increase Omega-3 intake, numerous factors have led to less fish consumption. Brighter O3D3 delivers these missing nutrients in medium sized capsules in blister packs for easy daily dosing & tracking.

Brighter 03D3™

Brighter Moods

Brighter Minds

What is Brighter 03D3?

In response to a widespread deficit in Omega-3 & Vitamin D3, the innovative team at Lifetrients formulated Brighter 03D3.

Brighter 03D3 contains an optimal dose of High DHA Omega-3 + Vitamin D3. These are essential nutrients for our bodies and minds working in synergy in one medium sized, easy to swallow, lemon flavored capsule. They are available in 2000 IU & 4000 IU options to provide safe solutions within the upper tolerable limits for daily intake. Brighter 03D3 takes the guesswork out for the Healthcare professional and the families they care for.
